

# ***Cities of the Damned***

Combined Addenda as of Aug. 1, 2024

## **Before You Begin:**

The counters for both games are set very firmly in their trees. Great for surviving being shipped, but possibly hard to punch out. Best to use scissors and just cut them out.

## **Aachen**

Nothing reported so far.

## **Cassino**

### **The Rules**

**Module 7.0 Counter-Attacks (correction):** In the first sentence, move the word "VP" from behind "Allied-controlled" to behind "German-controlled".

### **The Counters**

The reverse side of the AP Marker should have 10 printed on it. You can ink it in or just flip it over on the track if you accumulate 10 APs.
